MEMORANDUM FOR: D/ORR

SUBJECT: Attached Letter from [REDACTED]

1. A great personal friend of mine is [REDACTED] of [REDACTED] of Los Angeles, who was also involved in the architecting of Lundahl's new quarters. He is a man who is aware of all of the intelligence inputs, at least from the photographic area, and who is a first-rate civil engineer. His letter of presentation is rambling and a little hard to follow, but it seems to me that the attached letter contains the germ of a useful idea. Since it falls in your parish, I thought I would turn it over to you for whatever action is appropriate.

2. [REDACTED] is now recovering from a serious illness and wrote this from his hospital bed. He therefore might appreciate a brief note from you on the disposition of his idea, if it is not too much trouble.
